MHP SCHOLARSHIPS

Mindful Heart Programs is committed to offering financial assistance based on funds available. Scholarships will be awarded to those in need of financial assistance *and* who have demonstrated a commitment to serving their communities and making great social impact. Because we highly value diversity, we particularly encourage those who request financial assistance that are in the following groups to apply: people of color, young adults (18-26), elders (65+), and those with life threatening illnesses; however, anyone with financial need is encouraged to apply.

We encourage those interested in receiving financial assistance to consider their level of need while requesting a scholarship. There will be a limited number of partial scholarships made available for each program. To qualify for a scholarship, you must pay the full deposit and then your application will be reviewed and awarded based on funds available. Please do not request a scholarship unless you are truly intending to dedicate yourself to serving your community with the skills gained in this program.

All programs or retreats require a deposit on registering, even if you are applying for financial assistance. Scholarships are generally 20-25% of the program or event fee. However, the committee may waive the maximum limits, depending on the individual circumstances. You will be notified of the award amount via email.

APPLICATION PROCESS

To be considered for a scholarship, you must register and pay the full deposit before your Application will be considered.

Fill out the Scholarship Application form and return it to the administrator at mindfulheartprograms@gmail.com - via email, if possible.

If you cancel, the regular program cancellation fee and policy applies. Late cancellations do not give program/retreat managers time to offer the space or scholarship award to someone else. Please remember that late cancellations make it difficult to fill your space.

We are committed to doing what we can to help you attend an MHP retreat or event.
